#### DIFFERENT EDGES

\* DROPIN (FLAT BENDING)

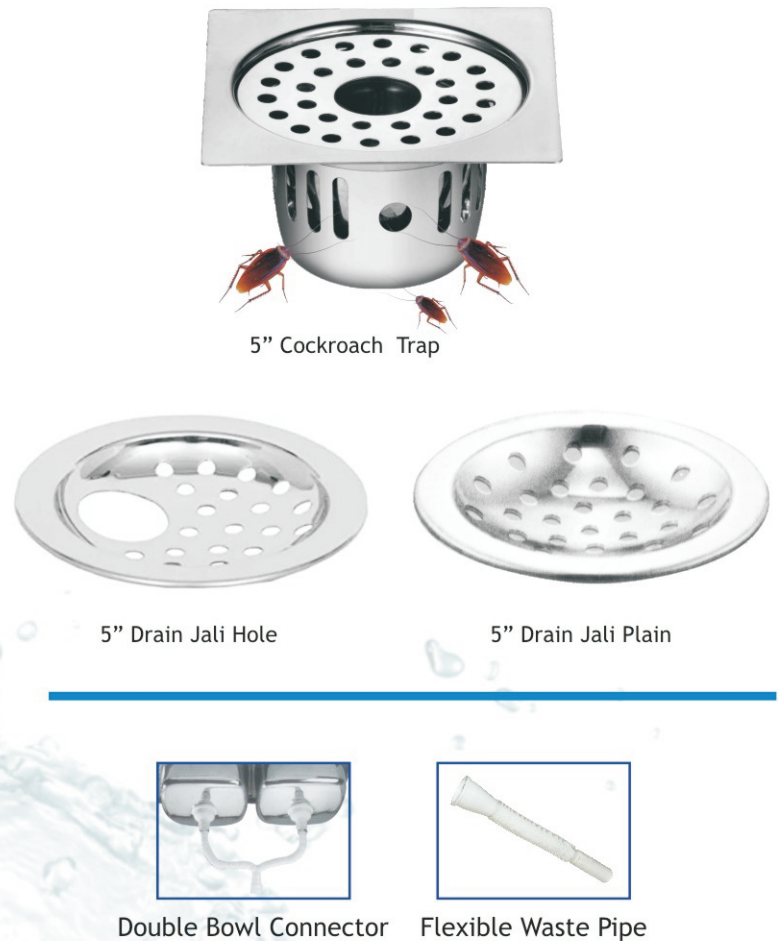

# SIT ON (TRIPLE BENDING)

### WASTE COUPLINGS

### ACCESSORIES

### Special Features :

Sound Deadening Pad

A unique sound suppression pad, on all JINDAL models, helps minimize the noise of utensil washing and stacking on the sink.

Plast Care

Every JINDAL sink comes protected with a thin plastic film over its entire body. This prevents scratches or marks on the sink during installation. Once installed, the plastic film can be simply peeled off-revealing a sparkling new sink ready to use.

Undercoat

Undercoat is extremely important for kitchen sinks, because it absorbs sound, protects against condensation and corrosion due to humidity in cabinet. All JINDAL sinks are spray coated with exclusive undercoating.

Easy Clean

JINDAL sinks have a specially designed surface that is easy to clean and maintain. No need to use hard scrubbers or harsh detergents and acids; just a soft cloth and soapy water will do.

**JINDAL®** sinks guarantee unbeatable

Durability and performance. Made from

The finest grade of stainless steel, each

Sink is tough, corrosion and scratch

Resistant, maintenance free and

Promises a lifetime of completely

Dependable service.
